Inotia 4 offline mod apk free download

Ролевые Ролевые Ролевые Ролевые Ролевые Ролевые The Chronicles of Inotia or the Inotia series is a sequence of games that is quite popular amongst the crowd. All the games so far have amazing content and now, the developer, Com2uS, has come up with the next addition to the series. This game is called Inotia 4 MOD APK (Unlimited Money) and is (not so surprisingly) already a hit amongst the people. Download it from our website to get Unlimited Money and Unlimited Skill Points resources on your game account for free. So, let us march ahead to understand this game a bit more. App NameInotia 4 MOD FeaturesUnlimited Money, Unlimited Skill Points PlatformAndroid Size43M Version1.0.0 CategoryRole Playing Root Required?No PriceFree Get it on Inotia 4 MOD Features: Unlimited Money Unlimited Skill Points Free to download Totally Safe Compatible with all Android versions Inotia 4 Mod APK file is very easy to install Autoupdate Auto-sync with the game No need to root your Android device! You may also like our new SF 3 MOD with unlimited gems and all weapons unlocked. About the Game Inotia 4 was developed by Com2uS and belongs to the category of action role-playing games. In the game, the storyline is based on the journey of Kiyan (the deadly assassin of the feared Shadow Tribe) and Eara (the Channel of Light). The player enters the game as a member of any of the six classes – Black Knight, Assassin, Warlock, Priest, Ranger, and Warrior. Each class has its skills and weaknesses. While the warrior class is mostly preferred by the players because they have high defense skills, you are free to choose whichever class you like. If you become a Ranger, you can summon allies and attack the enemies from a farther distance. If you choose to be an Assassin, you will easily and stealthily evade attacks. A member of the Warlock class is pretty similar to the Ranger in terms of their skills. But, if you choose to be a Priest, you will have both immense strength and mental powers. The class of the Black Knight is also very strong and vital. Gameplay Inotia 4 Mod Apk has over 400 maps with a variety of themes to navigate. In fact, this game is credited with having one of the largest maps on any Mobile RPG. When it comes to the classes, each one of them has 15 skills. Also, the Shadow Tribe can summon mercenaries whenever they must. Once all of them are assembled, you can also get your hands on more than 20 unique mercenary skills that will come to your aid along the way. Many schemes are in the game, for example, A Tragic Destiny. Also, there are many exclusive sub-quests in every region of the Indian continent that, on completion, reward you with special items. And, for those who complete the story quite fast, another surprise is in store for you. The game supports 5 languages – English, Korean, simplified Chinese, traditional Chinese, and Japanese. It also has optional in-app purchases. Using this choice, some extra items can be purchased. Conclusion Inotia 4 MOD APK has a highly compelling story that is stronger than the previous versions. With the audio and visual effects and the game mechanics as powerful companions, this game has managed to grip the players in a trance. Plus, since there is no element of repetition, playing this game is even more worth it. Although, if you are hesitating because you haven't played the previous games, don't worry. You will still understand the storyline. So, go check the game out or keep finding legitimate excuses not to play the game (even though there are practically none).
